

WIELAN MUTAI

Java / Spring Boot Developer
wielanmutai@gmail.com | +254 708 686 414

PROFESSIONAL SUMMARY

Motivated junior Java / Spring Boot Developer with 1+ years of software development experience building backend applications and RESTful services. Strong knowledge of Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, REST APIs, SQL and relational databases. Experienced in developing scalable backend services, integrating enterprise systems, writing automated tests, and working with Git and CI/CD pipelines. Familiar with Docker and modern DevOps practices. Passionate about writing clean, maintainable, testable code and continuously improving technical skills.

TECHNICAL SKILLS

- **Languages:** Java, SQL
- **Frameworks:** Spring Boot, Spring MVC, Spring Data JPA, Hibernate
- **Frontend:** React, Tailwind CSS
- **Databases:** PostgreSQL, MySQL
- **Testing:** JUnit, Mockito (unit and integration testing)
- **Version Control:** Git, GitHub
- **DevOps Tools:** Jenkins, Docker, CI/CD pipelines
- **Operating Systems:** Linux, Windows

PROFESSIONAL EXPERIENCE

Software Development Attachee — Kenya Electricity Generating Company (KenGen) May 2024 – August 2025

- Developed and maintained backend applications and RESTful services using Java and Spring Boot.
- Implemented data access layers with Spring Data JPA and Hibernate, working with PostgreSQL and MySQL databases.
- Supported integration of enterprise systems and internal applications across the organization.
- Wrote automated unit and integration tests to improve code quality and reliability.
- Used Git and GitHub for version control, collaborating through branches, code reviews and pull requests.
- Set up and used Jenkins CI/CD pipelines and Docker containers to automate builds and deployments.
- Worked in Linux and Windows environments; wrote and optimized SQL queries and helped troubleshoot issues.

SELECTED PROJECTS

- **CookShare Hub** – a platform for users to share and discover recipes.
- **Student Attendance Tracking System** – a system for recording and monitoring student attendance.
- **Voting System** – an electronic voting platform.

Technologies:

- **Backend:** Java (Spring Boot)
- **Frontend:** React, Tailwind CSS
- **Database:** PostgreSQL

EDUCATION

Kirinyaga University 2022 – 2026
Bachelor of Science in Information Technology
